John Wayne Airport
General Aviation Improvement Program

<p>WHAT IS BEING PLANNED?</p>	<p>John Wayne Airport (“JWA”) is proposing to update its general aviation facilities through a comprehensive General Aviation Improvement Program (“GAIP”). A Draft Program Environmental Impact Report (“EIR”) was prepared to evaluate two GAIP alternatives at an equal level of consideration: the Proposed Project and Alternative 1. The Proposed Project proposes a total of two full service Fixed Base Operators (“FBOs”) (West and East). Alternative 1 proposes a total of three full service FBOs (West, Northeast and Southeast). The FBOs would provide facilities to accommodate various sizes and types of general aviation aircraft and apron space. Although distinguished by the number of full service FBOs and a minor variation in aircraft storage capacity, both the Proposed Project and Alternative 1 have numerous features in common including, but not limited to, the following elements:</p> <ul style="list-style-type: none"> • One Limited Service FBO; • Modifications to the airfield and buildings to achieve compliance with current Federal Aviation Administration (“FAA”) standards for airport design (i.e., to eliminate existing non-standard conditions associated with the proximate location of existing facilities to the airfield runways and taxiways); • A general aviation terminal available through at least one of the full service FBOs; • A General Aviation Facility (“GAF”) to process international arrivals; • A self-service fuel (AvGas) facility for general aviation aircraft; and, • Multiple types of aircraft storage (e.g., box hangars, community hangars, T-hangars, tie-downs). 												
<p>WHY THIS NOTICE?</p>	<p>The County of Orange studied the environmental effects of the GAIP in the Draft Program EIR circulated for public review from September 20, 2018 to November 21, 2018. During the public review period, the County received comments from public agencies, organizations and individuals. The County has prepared responses to those comments that raise environmental issues, as required by the California Environmental Quality Act. The purpose of this notice is to advise you of the availability of the Responses to Comments on Draft Program EIR 627 for your review and to provide the dates and times for the public hearings on the GAIP.</p>												
<p>WHAT IS AVAILABLE?</p>	<p>The Responses to Comments on Draft Program EIR 627 are available for public review between the hours of 8:00 AM and 5:00 PM at the JWA Administrative Office located at 3160 Airway Avenue in Costa Mesa, California 92626.
